

**Statement under the European RoHS directive  
RoHS 3 (2015/863/EU)  
("Restriction on Hazardous Substances")**

H.F. Technology certify that all products comply with the European RoHS directive as stated in RoHS 3 (2015/863/EU), replacing Directive 2002/95/EC (RoHS I), targets Electrical and Electronic Equipment (EEE) in order to avoid adverse impacts on human health and the environment.

The European Council and the European Parliament have drawn up a directive known as the RoHS directive ("Restriction on Hazardous Substances") this directive 2015/863/EU restricts the use of certain hazardous substances in electrical and electronic components and products

This directive for new electrical and electronic equipment connected from 22 July 2019 on the market and limits the application of the following raw materials: Lead (Pb) Mercury (Hg), Cadmium (Cd), Hexavalent Chromium (Cr6+) Polybrominated Biphenyl (PBB), Polybrominated diphenyl ether (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP), Dibutyl phthalate (DBP) and Diisobutyl phthalate (DIBP). The maximum allowable concentrations by weight in homogeneous material as determined by the TAC (technical adaption committee) ranged from 0,01% for Cadmium and 0,1% for the other substances.

RoHS has a number of exceptions. You can find more detailed information on [www.rohs.eu](http://www.rohs.eu)  
H.F. Technology provides only products that meet the RoHS directive.
